The members were granted a mandate as per guidelines for only Redesigning/rearrangement/reshuffle of the course contents of Environment and Water Management (paper A and B) in order to merge in a single paper which in no case should affect the quantum of presently prescribed syllabus for the paper A and B. Different suggestions were proposed during the meeting some of which were unanimously agreed. Reshuffle and restructure of some topics over the whole syllabus was felt necessary and agreed upon. However it was resolved that:

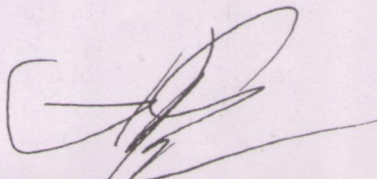

1. Topics as per the proper placement and relevance be merged/shifted/integrated under the new unit titles across the three year course.
2. Titles of some of the units be changed because of the merging of units/topics into a single paper system.
3. Some latest books regarding the subject matter be incorporated in the bibliography
4. The Syllabus be implemented from batch 2013 onwards.

As per the unanimous decision of the members, the recommended changes in the form of reshuffle and restructure were incorporated in the Syllabus for batch 2013 and onwards without affecting the quantum of presently prescribed syllabus for the paper A and B.

In case of the contents of *module course of Environmental Studies* experts/members of the board have agreed to incorporate new Unit (Unit V) entitled Environmental Education and Legislation wherein topics from other units were put in place.
